Subject: Wes Hansen - s/039/007

Lynn,

Mr. Hansen called today regarding operations which he has closed and reclaimed a year or more ago. He sent us a letter regarding S/039/007 White project in San Pete county. He is annoyed by the continuing requests for annual reports and permit fees. Please close out his file. Supposedly this site involved a state lease which is now owned by wildlife. Since he has already sent us a letter (some time ago) I told him he did not need to fill out the annual report (again). As for the fee notice I told him to check the box requesting an inspection.
